Xavier Institute of Engineering

A SISTER INSTITUTE OF ST. XAVIER'S COLLEGE

6 HOURS HACKATHON

SPRINTNOVA

Organized by

Technical Committee of XIE Student Council X IEEE Student Branch XIE

IEEE Bombay Section

BROCHURE

ABOUT US

The Jesuits manage Xavier Institute of Engineering (XIE). They are the members of the Society of Jesus which is an international spiritual organization of priests and brothers in the life of the Catholic Church. It was founded in 1541 by St. Ignatius of Loyola. It is approved by the All India Council of Technical Education (AICTE), New Delhi, recognized by the Directorate of Technical Education, "Govt. of" Maharashtra and affiliated. to University of. Mumbai

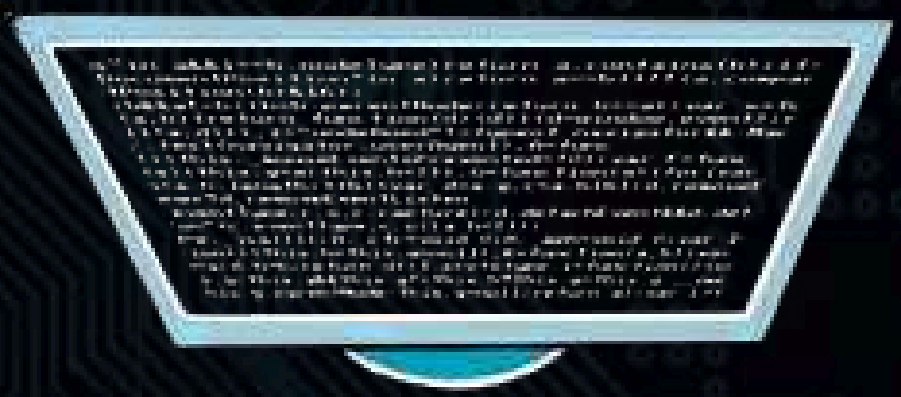

Like most Latin phrases, it is very succinct. It' points to the role of an educator, not to be concerned merely with cerebral development, but with every aspect of a student's life, ranging from the physical to everything else of the mind and spirit. The supervision involved is not parental, but what emanates from concern and friendship, and the reward of the effort is that the student feels self-fulfilled, respectful, responsible, and fully human.

This Latin word is taken from the Jesuit motto, whose acronym is AMDG, declaring that all that is to be done is for the greater glory of God. Doing things "greater" or "more" for God, never satisfied with what's done, but always wanting to do more and more for Him, can lead to self absorption and to the psychological aberration of perfectionism. Rather, it is the effort to do what is always joyfully fulfilling and productive, the self-giving never without the accompaniment of cheerfulness.

HACKATHON

GENERAL RULES

- Teams can consist of 2-4 members. Participants cannot be part of multiple teams.
- Participants must be a registered students of the Xavier Institute of Engineering.
